

Please ensure that the correct tax amount is being charged on all sales. The sales tax rate is determined by the city of where product is delivered/set, not the city in which the sale takes place. In most situations, the sales tax rate should be based on the location of the cemetery.

The following websites are great tools to find current sales tax rates for state and local jurisdictions:

<https://www.avalara.com/taxrates/en/calculator.html>

<http://www.sale-tax.com/>

Sunburst Memorials collects sales tax in the following states only: MN, SD, ND, IA, MI.

Please note:

- Cemetery fees are not taxable in any state
- Services (ex: setting charges, cemetery lettering or cleaning) are not taxable in Michigan

If the incorrect sales tax is charged, we will need to adjust the sales price to account for the discrepancy.
